I turn drop-off into growth: onboarding, activation and payment flows that convert. Experience across EdTech, consumer apps, fintech and payments.

EXPERIENCE

7motiff · Growth Product Manager (part-time, remote) Sep 2026 – now

- Web-to-app quiz funnels for an EdTech app (NDA), from first ad click to install and purchase
- Paywall and pricing experiments for trial starts and subscription conversion
- Onboarding iterations to drive early activation

Apollo28 · Product Manager, Warsaw Oct 2025 – now

- Activation conversion **20% → 60% (3x)** through redesigned onboarding and experiments
- Average session duration **under 1 min → 15 min**
- Led retention strategy: found key drop-off points, shipped fixes that **doubled D7 retention (2x)**
- Prioritized roadmap with engineering and design around the core VPN browser experience

Bank Vlasnyi Rahunok (Fozzy Group) · Product Manager, Kyiv Jul 2024 – Oct 2025

- Integrated BVR Pay with Silpo's e-commerce, serving **10,000+ users**
- Product Owner of BVR Pay: **93% successful payment conversion (+5%)**
- Mobile onboarding optimization: +1–3% at financial monitoring, document signing and activation steps → **+5% successful registrations**
- Worked with the CPO on digital payments, loyalty integration and new product experiments

VST Bank · Product Manager, Kyiv 2024

- Owned onboarding and KYC: **+5% onboarding conversion** via registration and card-opening experiments
- Acquiring product: payment approval rate **91%** → **95%** for a major retail client

AImaginarium (startup) · Business Analyst, Odesa 2023 – 2024

- Market and competitor research, BPMN/UML process design, requirements with stakeholders
